

CAREY BEFORE COMMISSION

C. N. R. Superintendent Gives His Evidence Before Last Sitting Of Coal Commission

The coal commission has concluded its investigation in Edmonton, and the commissioners—Chief Justice Sifton, Mr. L. Stockett and Mr. Hanson—left today for Calgary.

Charles Carey, superintendent of the C.N.R., was heard yesterday at the final session of the commission. The main features of the evidence were that the spur lines operated by the Edmonton Coal Company would be put in as soon as material was secured, and that he had also received instructions from headquarters to construct 7th cut.

Giving evidence, Mr. Carey stated that he was superintendent of all lines between Kamouritz and Edmonton, with headquarters at the latter point. He had been appointed to this position on Sept. 1, 1907.

"The real daily consumption of coal is about 400 tons a day, in the greater part of the year, in the winter season. We are now in the C. P. R. line, even by sending our own cars for it. We have three miles of track at Kamouritz to get to the Kamouritz Coal Company's coal. This we have to use for our purpose, but from its nature requires a different use. We have to use the American coal. By sending the companies we arranged satisfactorily for this."

"This coal we could use on the road as fast as it came. It is the point the Kamouritz coal would supply completely with it. It is the Kamouritz coal that we could use 400 tons a day of Alberta coal."

The shipping facilities could be had by the Kamouritz Coal Company, as he had received instructions from headquarters to build the track. He stated that the material required could be obtained. Other spur lines could not be built, but in as far as he knew it was not true that these things had not been built because C.N.R. officials were interested in the Kamouritz Coal Company.

He had not been personally interested in the case, but since that time he had bought a block of shares, for which he paid in the ordinary way. Last winter when the majority of Kamouritz was sold to the Kamouritz Coal Company, he had detected each of the shares. He suggested that for next winter coal should be secured by the Kamouritz Coal Company, but at points along the line. Coal like the Kamouritz product should be secured by the Kamouritz Coal Company, but at points along the line. Coal like the Kamouritz product should be secured by the Kamouritz Coal Company, but at points along the line.

If they could get a sufficient supply of cars for the transportation, they could get all the coal they wanted in this district.

With a concise recommendation to the witnesses from Chief Justice Sifton to the effect that he was with him to provide the cars and secure the Kamouritz coal, the commission closed the examination.

JAPANESE STILL INDIGNANT

Over San Francisco Affairs—To Italian by

Tokio, July 1.—The impression is growing here that the anti-Japanese feeling and demonstrations in San Francisco are the outcome of American nationality based upon racial hatred, and the present developments apparently support this impression. The newspapers here which had special correspondents in San Francisco, have ceased to receive news from that city, and attention was offered for the dissemination of news dispatches, but the impression here is that the Japanese are not taken into account. The Japanese are not taken into account. The Japanese are not taken into account.

this famous dairy breed. The head of his herd is Sir Akkrum, of Kellogg, bred by Geo. Rice, of Tildenburg, and comes from advanced registered stock. The sister of this bull's dam is owned by the Ontario government and is one of the conspicuous members of the Holstein herd at the Ontario Agricultural college. Her record was 400 pounds of butter in five months. He has also the blood of the famous Aggie Cornucopia Padline, possibly the most celebrated dam of the best known strains of the Holstein breed. Private Honie, a recent importation from the east, bred by J. F. Fazzell, (Oxford Centre), is one of the and a splendid example of her breed and type.

SWINE.

The judging of the swine was only partially done, a number of classes remaining to be judged.

Berkshires (Registered.)

Boss, one year and over—1 P. Halko, Clover Bar; 2 J. P. Morkin, St. Albert; 3 G. R. Hall, Strathcona. Sow, any age, average—1 P. Halko, Clover Bar.

Sow, one year and over—1 P. Halko, Clover Bar; 2 J. P. Morkin, St. Albert.

Improved Yorkshire

Boss, one year and over—1 Baker & Verker, Fort Saskatchewan. Sow, any age, average—1 Baker & Verker, Fort Saskatchewan; 2 James Tough; 3 Baker & Verker, Fort Saskatchewan.

Bacon Hogs

Pen of five Pure Bred Bacon Hogs, available, the trader, each pen sired—1 F. C. Scamman, Strathcona; 2 J. P. Morkin, St. Albert; 3 J. P. Morkin, St. Albert. Pen of five Bacon Pigs of a litter; 2 years' mature (Hogway Smith special prize)—1 James Tough, Edmonton.

Pen of five grade Bacon Hogs, most suitable for bacon trade—1 James Tough, Edmonton; 2 Wm. Daily, Clover Bar.

The exhibit of cattle at the Exhibition this year compares very favorably with that of last year. There is about the same number of pure bred and a larger number of grades. The breeds represented among the purebreds are the Shorthorns and Herefords among the best breeds, and the Jerseys among the dairy breeds. The cattle are all in excellent condition and give little indication of the severe season that has passed. The livestock men agree that the grass this year is ahead of last year and that the cattle are doing well.

A number of former exhibitors are absent this year. They learned a repetition of the harsh and unpropitious treatment that was heaped out on them last year by the railway authorities and would not take the risk again. Even this year, notwithstanding the exhibition management and the promise of the C. P. R., it took over an hour to bring a load of stock from Lacombe to the siding in Edmonton.

Dairy Cattle. The largest exhibitor in this year is Mr. W. F. Cameron of Strathcona. His herd comprises ten head. The head of this herd is Willard T. of D. P. F. This bull has good blood in him, sired by Arthur's Golden Fox, bred by Mrs. W. E. H. Mosey, of the famous Dettman Park Farm. He has been a winner three times at Edmonton and Strathcona.

The Showing of Dogs. The showing of dogs is small, the exhibit given in Edmonton in the early spring detracting considerably from the display of the present time.

Among the bunts to the left of the Edmonton Driving Club and the Knights of Pythias. These were open to visitors, the Family Herald booth especially receiving a large number of visitors.

The Edmonton Amateur Driving Club's first fair met at the grounds Monday evening. The classes were fairly well filled and the sport was keen. The results were as follows:

CLASS A. First heat—1, Silver Tip, R. P. Ingles; 2, Black Bee, G. A. Graham; 3, Dalton McCarthy, R. J. Fields; 4, Red Greenlander, Dr. Pickering. Time 1:13.14. Second heat—1, Silver Tip, R. P. Ingles; 2, Black Bee, G. A. Graham; 3, Dalton McCarthy, R. J. Fields; 4, Red Greenlander, Dr. Pickering. Time 1:15. Dalton McCarthy having won first place in the two heats was awarded first, while Black Bee and Red Greenlander tied for second.

CLASS C. First heat—1, Spot, Robert Tegler; 2, Field Marshall, J. Miller; 3, Red Bird, E. Ludlow; 4, Sandy, M. Dettman; 5, Pandora, Mr. Taylor. Time 1:20. Second heat—1, Spot, Robert Tegler; 2, Field Marshall, J. Miller; 3, Red Bird, E. Ludlow; 4, Sandy, M. Dettman; 5, Pandora, Mr. Taylor. Time 1:18. The first heat having resulted in a tie between Red Bird and Pandora they were given another heat with the result that Red Bird won. They failed a lower their previous record, however, as this time they made it 1:19.

The next matchline will be held this evening.

The glens trophy will be raced for tonight, and the other event will be class B.

The Officials. The patrons, directors and other officials of the Edmonton Exhibition are, to whom, together with the smiles of the weather man, the success of the fair may be attributed, and who have worked ardently during the last two or three months are as follows: Patrons—Hon. G. H. V. Boller, Lieutenant-Governor; Hon. Frank O. McCreath, Minister of Interior; Hon. W. S. Robertson, Premier of the Province; Hon. C. W. Cross, Attorney-General; Hon. W. T. Finlay, Minister of Agriculture.

Directors—J. H. Morris, president; J. B. Morris, vice-president; H. R. Montford, secretary-treasurer; W. S. Robertson, John Dohy, J. H. Francis, J. H. Garriety, Thos. Bellamy, J. A. McPherson, W. Munsey, W. D. Carr.

A RUSSIAN WAS BADLY BATTERED

According to His Appearance In The Police Court—Quarrel Over Chickens

A Russian, who has made his home in Edmonton, with head and hands wrapped in bandages, was brought before the court about four feet long and two inches thick, with the features of a case that commenced in the police court Saturday.

The Russian, whose name is Kuzma Steinko, and who claims that he is unable to speak English except in a small degree, was the complainant, and Mr. and Mrs. James Robertson and their son, Walter Robertson, were the defendants.

The cause of the quarrel, which took place on Friday, July 5, was a flock of chickens, which the complainant states were taken from his place.

The parties all live on Fraser avenue, north of the C.N.R. track, and their properties adjoin each other.

On Friday afternoon Mrs. Kuzma Steinko, with the result that her son attached to the case, was taken to appearance, gave him a severe punishment. The complainant alleges that he was also attacked with sticks and bricks by the other members of the family.

When the case was called on Saturday afternoon Magistrate Brown, upon whom it came up for hearing, told Steinko that he would have to surrender the chickens, and if he refused, he could not go or procure a lawyer. The latter refused to do so.

After some discussion, in which the parties all participated, the case was set down for July 10, when Steinko was warned by the magistrate to have lawyer, interpreter and witness present in the morning.

At a center charge to the above, the Edmonton Police, leaving Edmonton, had a complaint against Steinko for assault and battery, before Magistrate Wain. It was to have come on for hearing on Saturday evening at 7 o'clock, when the defendant was called but did not put in an appearance, and a warrant was issued for his arrest.

Financial and Commercial News

NEW YORK MONEY MARKET.

New York, July 1.—The first of July has been looked upon as an important period in financial circles, and has been the immediate objective of the recent quiet market. There is a rise in prices of stocks. There was a good deal of speculation in options and feeling the pulse of the market in the neighborhood of the stock exchange today is a consequence. The most important of these was the failure of call money, which was very large. Money on call commanded a higher rate today than on Friday last week, and did not come up late in the day when the stock market. An institution collecting for the Northern Pacific stocks calling for \$1,000,000 was payable today and this aggravated the pressure on call money. The pressure was not so great as it was yesterday, but it is on the side of the foreign money markets that there arose again today some unavailing. Plans of which might restrict New York resources. Commissioner of Finance said that there was some improvement in outside demand for call money, but the brighter sentiment which developed in securities market generally last week, the market realized was carefully considered, however, and was not so much a matter of prices. It was found easy to bid up prices late in the day, after the selling to take profits had subsided, and the last prices of the day were generally the highest.

Bonds were steady. Total sales, par value, \$1,400,000. United States bonds were unchanged in call. Call money was quoted at 8 1/2 per cent. today, and was loaned at 12 per cent. in the afternoon. This rate was the highest reached for some months, and was not believed to be caused by the July dividend and interest disbursements.

At the close prices mercantile paper brought from 5 1/2 to 6 per cent, sterling exchange was quoted with actual business in bankers' bills at 4 1/2 to 4 3/4 to 4 1/2 for 60 days, and 4 1/2 to 4 3/4 for 90 days. Gold was at 105.40 for 60 days, Mexican dollar, \$1.14, American bonds steady, railroad bonds steady.

CANADA'S DAY.

Canada's national day has been observed to a degree in the past by the rivalry of the "Queen's Birthday." Somehow "the 24th of May" caught the popular fancy and for a generation has loomed large in the thought of Canadians as a day of national celebration. The first fête day of the summer season it offered the earliest opportunity for pent-up enthusiasm to find relief in a patriotic demonstration. This timeliness of the occasion joined with the great and abiding esteem of Canadians for Her Majesty the Queen, and for a generation the celebration of the 24th July national both in manner and degree.

This to a certain extent was done at the expense of Dominion Day. It is not possible to remain always under the high pressure of national jubilation. However, loyal a people and however demonstrative in their loyalty, they cannot always be flying flags, exploding fire-crackers and listening to patriotic orators. Nature has placed limitations on the emotional as well as the physical powers. After every abnormal outburst of activity comes a period of reaction and recuperation. For this reason the celebration of the 24th has, lessened somewhat the magnificent outburst of popular enthusiasm which would otherwise have characterized demonstrations on our real national holiday.

What of the future? This much is a sure, notwithstanding will continue to be remembered and celebrated. It is not desirable, and it is not likely that Canadians will ever "abandon" the general celebration of May 24th as a tribute of affection to the memory of Queen Victoria and as a demonstration of loyalty and esteem to her successors. But it is desirable and is as certain as desirable, that Canadians will throw more enthusiasm and spirit into the celebration of Dominion Day in the future. As Canadians we recognize our nationality today as never before; we will recognize it more clearly in the future than we do today; and the stronger and clearer our impression of our nationality the more will Dominion Day stand out as the supreme day in our national calendar.

Perhaps the rivalry between "the 24th" and "the First" will be abolished by adapting our celebrations more nearly to the ideas which these days represent. In these ideas there is no essential rivalry, yet each is grand enough and important enough for a day of general and enthusiastic demonstration. The 24th of May was originally celebrated as the birthday of Queen Victoria, but its significance has broadened and changed until it stands now rather for the idea of our place and partnership in the British Empire. The First of July on the other hand is distinctly and exclusively Canada's day, and the idea it represents is the legal and constitutional status of a self-governing nation. In these two ideas there is no conflict, but the most splendid harmony. Perhaps if our celebrations were conducted more narrowly along the lines of these distinctive yet complementary ideas, any rivalry between our fête days would be abolished. Our celebration of May 24th should attest our loyalty to the Empire; our celebration of July 1st should demonstrate our national self-consciousness.

NOT CREATING VACANCIES.

No, Mr. Borden has not turned Col. Hughes out of the party, as present there is no particular danger of Mr. Borden turning anybody out. Recruits are more desired by the Opposition leader than vacancies and if he cannot secure the former he apparently does not intend to create the latter. He is convinced that it is better to have a following even with conflicting views than to dissipate the following in trying to harmonize the views. As a consequence it does not much matter what his followers' views may be on other subjects so long as they are orthodox on the subject of Mr. Borden's leadership. Mr. Ames and Ju-

delation had notions of their own on the educational classes they wanted in the Antiquity bills, but they were not read out of the party; some of his followers from Ontario entertained opinions contrary to Mr. Borden on the steel houses, but they were not first from the party; several of his western supporters voted against him on the agricultural implement duties resolution, but they were not driven out of camp; Mr. Foster played ducks and drakes with other people's money, but he still remains a member in good standing and shares Mr. Borden's desk in the House; there was little danger, therefore, that Colonel Hughes would be expelled, whatever he might choose to say about French priests or any other kind of priests. Mr. Borden is not in the business of making enemies in the ranks of his antagonized following at present.

AN UNLIKELY RECRUIT.

Premier Roblin of Manitoba made a speech in Montreal a few days ago and like many another man he appears to have lost his bearings when he got away from home. For example he told the Montreal people: "There could no longer be any doubt that the Federal Government should 'draw away' any preference." This from a stalwart supporter of the party which can see nothing but disaster and dissolution for the Empire if our fiscal ties are not forthwith strengthened.

Continuing he informed his hearers that "The people of Manitoba were pro-Confederate, they were ready to pay a little more, if necessary, in order to build up the industries of Montreal, of Sherbrooke, of Three Rivers, of London, of Toronto." This is what the "adequate tariff" means; it is quite true, quite as true as that Mr. Borden and his friends have been trying to persuade the people of the West that it means something else.

Political seers have been drawing from Mr. Roblin's tour an inference that he is to be translated to a higher sphere and installed as lieutenant to Mr. Borden in the place of Mr. Foster. That a change is needed is apparent; if or how Mr. Borden elects to make the change is not perhaps the particular business of Liberals; but there are a few pretty good reasons why he will not bring it about in this particular way. First, Mr. Foster's place has not yet been vacated; second, Mr. Borden is not in a position to "evacuate" it; third, if he were, he would scarcely fill it with a recruit who puts the "close union" formation out of joint and lets the cat eat of the "adequate tariff" bag on his first parade.
